

Eligible Professional Attestation Worksheet for Stage 1 of the Medicare Electronic Health Record (EHR) Incentive Program

The EP Attestation Worksheet is for eligible professionals in Stage 1 of meaningful use and allows them to log their meaningful use measures on this page to use as a reference when attesting for the Medicare EHR Incentive Program in the CMS system.

Numerator, denominator, and exclusion information for clinical quality measures (CQMs) must be reported directly from information generated by certified EHR technology and are not included in this worksheet. However, information for the meaningful use core and menu set measures does not necessarily have to be entered directly from information generated by certified EHR technology. For each objective with a percentage-based measure, certified EHR technology must include the capability to electronically record the numerator and denominator and generate a report including the numerator, denominator, and resulting percentage for these measures. However, eligible professionals may use additional data to calculate numerators and denominators and to generate reports on all measures of the core and menu set meaningful use objectives. In order to provide complete and accurate information for certain of these measures, eligible professionals may also have to include information from paper-based patient records or from records maintained in uncertified EHR technology.

Eligible professionals can enter their meaningful use criteria in the blue boxes. Each measure's objective is included to help eligible professionals enter the correct criteria. Certain measures do not require a numerator and denominator, but rather a yes/no answer, and are marked as such. Measures with exclusions have the exclusion description listed in the measure information section.

Note: Starting in 2014, exclusions will no longer count towards the 5 menu objectives needed to successfully demonstrate meaningful use. Eligible professionals cannot claim an exclusion for a menu objective if there are other menu objectives they can meet. At least one of the 5 menu measures must be a public health measure (syndromic surveillance or immunization registries) whether they claim an exclusion or report data.

Eligible professionals must report on the following:

1. All 13 of the core measures
2. 5 out of 9 of the menu measures; at least 1 public health measure must be selected
3. 9 out of 64 of the CQMs covering at least 3 National Quality Strategy domains

Reporting Period: For an EP who has not previously successfully attested to meaningful use, the reporting period must be at least 90 consecutive days within the calendar year. For an EP who has successfully attested to meaningful use the reporting period must be the entire calendar year.

For 2014 only: Because all providers must upgrade or adopt newly certified EHRs in 2014, all providers regardless of their stage of meaningful use are only required to demonstrate meaningful use for a three-month (or 90-day) EHR reporting period in 2014:

- *Medicare eligible professionals beyond their first year of meaningful use must select a three-month reporting period fixed to the quarter of the calendar year for eligible professionals.*
- *Medicare eligible professionals in their first year of meaningful use may select any 90 day reporting period.*
- *Medicaid eligible professionals can select any 90-day reporting period that falls within the 2014 calendar year.*

Meaningful Use Core Measures- must fill out all 13 core measures

#	Measure Information	Measure Values
1	<p>Objective: Use computerized provider order entry (CPOE) for medication orders directly entered by a licensed healthcare professional who can enter orders into the medical record per state, local and professional guidelines</p> <p>Measure: More than 30 percent of all unique patients with at least one medication in their medication list seen by the EP have at least one medication order entered using CPOE</p> <p>Optional Alternate Measure: More than 30 percent of medication orders created by the EP during the EHR reporting period are recorded using CPOE.</p> <p>Exclusion: Any EP who writes fewer than 100 prescriptions during the EHR reporting period would be excluded from this requirement</p> <p>Does this exclusion apply to you?</p> <p>Numerator: Number of patients in the denominator that have at least one medication order entered using CPOE</p> <p>Denominator: Number of unique patients with at least one medication in their medication list seen by the EP during the EHR reporting period</p> <p>Optional Numerator: Number medication orders in the denominator entered using CPOE</p> <p>Optional Denominator: Number of medication orders created by the EP during the EHR reporting period</p>	<input type="radio"/> Yes <input type="radio"/> No
2	<p>Objective: Implement drug-drug and drug-allergy interaction checks</p> <p>Measure: The EP has enabled this functionality for the entire EHR reporting period</p> <p>Note: This measure only requires a yes/no answer</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
3	<p>Objective: Maintain an up-to-date problem list of current and active diagnoses</p> <p>Measure: More than 80 percent of all unique patients seen by the EP have at least one entry or an indication that no problems are known for the patient recorded as structured data</p> <p>Numerator: Number of patients in the denominator who have at least one entry or an indication that no problems are known for the patient recorded as structured data in their problem list</p> <p>Denominator: Number of unique patients seen by the EP during the EHR reporting period</p>	
4	<p>Objective: Generate and transmit permissible prescriptions electronically (eRx)</p> <p>Measure: More than 40 percent of all permissible prescriptions written by the EP are transmitted electronically using certified EHR technology</p> <p>Exclusion 1: Any EP who writes fewer than 100 prescriptions during the EHR reporting period would be excluded from this requirement</p> <p>Exclusion 2: Any EP who does not have a pharmacy within his/her organization and there are no pharmacies</p>	

#	Measure Information	Measure Values
	that accept electronic prescriptions within 10 miles of the EP's practice location at the start of his/her EHR reporting period would be excluded from this requirement	
	Does exclusion 1 apply to you?	Yes <input type="radio"/> No <input type="radio"/>
	Does exclusion 2 apply to you?	Yes <input type="radio"/> No <input type="radio"/>
	Numerator: Number of prescriptions in the denominator generated and transmitted electronically	<input type="text"/>
	Denominator: Number of prescriptions written for drugs requiring a prescription in order to be dispensed other than controlled substances during the EHR reporting period	<input type="text"/>
5	Objective: Maintain active medication list Measure: More than 80 percent of all unique patients seen by the EP have at least one entry (or an indication that the patient is not currently prescribed any medication) recorded as structured data	
	Numerator: Number of patients in the denominator who have a medication (or an indication that the patient is not currently prescribed any medication) recorded as structured data	<input type="text"/>
	Denominator: Number of unique patients seen by the EP during the EHR reporting period	<input type="text"/>
6	Objective: Maintain active medication allergy list Measure: More than 80 percent of all unique patients seen by the EP have at least one entry (or an indication that the patient has no known medication allergies) recorded as structured data	
	Numerator: Number of unique patients in the denominator who have at least one entry (or an indication that the patient has no known medication allergies) recorded as structured data in their medication allergy list	<input type="text"/>
	Denominator: Number of unique patients seen by the EP during the EHR report period	<input type="text"/>
7	Objective: Record all of the following demographics: preferred language, gender, race, ethnicity, and date of birth Measure: More than 50 percent of all unique patients seen by the EP have demographics recorded as structured data	
	Numerator: Number of patients in the denominator who have all the elements of demographics (or a specific exclusion if the patient declined to provide one or more elements or if recording an element is contrary to state law) recorded as structured data	<input type="text"/>
	Denominator: Number of unique patients seen by the EP during the EHR reporting period	<input type="text"/>
8	Objective: Record and chart changes in vital signs: height, weight, blood pressure, calculate and display body mass index (BMI), plot and display growth charts for children 0-20, including BMI Measure: For more than 50 percent of all unique patients seen by the EP during the EHR reporting period have blood pressure (for patients age 3 and over only) and height and weight (for all ages) recorded as structured data	

#	Measure Information	Measure Values
	<p>Exclusion: Any EP who:</p> <ol style="list-style-type: none"> 1. Sees no patients 3 years or older is excluded from recording blood pressure; 2. Believes that all three vital signs of height, weight, and blood pressure have no relevance to their scope of practice is excluded from recording them; 3. Believes that height and weight are relevant to their scope of practice, but blood pressure is not, is excluded from recording blood pressure; or 4. Believes that blood pressure is relevant to their scope of practice, but height and weight are not, is excluded from recording height and weight. <p>Does this exclusion apply to you?</p> <p><i>If blood pressure is not relevant to scope of practice, numerator and denominator are based on recording of height and weight as structured data. If height and weight are not relevant to scope of practice, numerator and denominator are based on recording of blood pressure as structured data.</i></p>	<input type="radio"/> Yes <input type="radio"/> No
	Numerator: Number of patients in the denominator who have at least one entry of their height, weight and blood pressure (ages 3 and over) recorded as structured data	<input type="text"/>
	Denominator: Number of unique patients (age 3 or over for blood pressure) seen by the EP during the EHR reporting period	<input type="text"/>
9	<p>Objective: Record smoking status for patients 13 years old or older</p> <p>Measure: More than 50 percent of all unique patients 13 years old or older seen by the EP have smoking status recorded as structured data</p> <p>Exclusion: Any EP who did not see patients 13 years or older would be excluded from this requirement</p> <p>Does this exclusion apply to you?</p> <p>Numerator: Number of patients in the denominator with smoking status recorded as structured data</p> <p>Denominator: Number of unique patients age 13 or older seen by the EP during the EHR reporting period</p>	<input type="radio"/> Yes <input type="radio"/> No
10	<p>Objective: Implement one clinical decision support rule relevant to specialty or high clinical priority along with the ability to track compliance with that rule</p> <p>Measure: Implement one clinical decision support rule relevant to specialty or high clinical priority along with the ability to track compliance to that rule</p> <p>Note: This measure only requires a yes/no answer</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
11	<p>Objective: Provide patients the ability to view online, download, and transmit their health information within 4 business days of the information being available to the EP</p> <p>Measure: More than 50 percent of all unique patients seen by the EP during the EHR reporting period are provided timely (within 4 business days after the information is available to the EP) online access to their health information, with the ability to view, download, and transmit to a third party</p> <p>Exclusion: Any EP who neither orders nor creates any of the information listed for inclusion as part of the measure, except for "Patient name" and "Provider's name and office contact information" would be excluded from this requirement</p>	

#	Measure Information	Measure Values
	<p>Does this exclusion apply to you?</p> <p>Numerator: The number of patients in the denominator who have timely (within 4 business days after the information is available to the EP) online access to their health information to view, download, and transmit to a third party</p> <p>Denominator: Number of unique patients seen by the EP during the EHR reporting period</p>	<input checked="" type="radio"/> Yes <input type="radio"/> No
12	<p>Objective: Provide clinical summaries for patients for each office visit Measure: Clinical summaries provided to patients for more than 50 percent of all office visits within three business days Exclusion: Any EP who has no office visits during the EHR reporting period would be excluded from this requirement</p> <p>Does this exclusion apply to you?</p> <p>Numerator: Number of office visits in the denominator for which the patient is provided a clinical summary within three business days</p> <p>Denominator: Number of office visits by the EP during the EHR reporting period</p>	<input checked="" type="radio"/> Yes <input type="radio"/> No
13	<p>Objective: Protect electronic health information created or maintained by the certified EHR technology through the implementation of appropriate technical capabilities Measure: Conduct or review a security risk analysis in accordance with the requirements under 45 CFR 164.308(a)(1) and implement security updates as necessary and correct identified security deficiencies as part of its risk management process</p> <p>Note: This measure only requires a yes/no answer</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO

Meaningful Use Menu Measures- must fill out 5 out of 9 measures (at least 1 of these must be a public health measure, which are noted with an asterisk)

#	Measure Information	Measure Values
1*	<p>Objective: Capability to submit electronic data to immunization registries or immunization information systems, except where prohibited, and actual submission in accordance with applicable law and practice</p> <p>Measure: Performed at least one test of certified EHR technology's capacity to submit electronic data to immunization registries and follow up submission if the test is successful (unless none of the immunization registries to which the EP submits such information has the capacity to receive the information electronically), except where prohibited</p> <p>Exclusion 1: An EP who does not perform immunizations during the EHR reporting period would be excluded from this requirement</p>	

#	Measure Information	Measure Values
	<p>Exclusion 2: If there is no immunization registry that has the capacity to receive the information electronically, an EP would be excluded from this requirement</p> <p>Note: This measure only requires a yes/no answer</p> <p>Does this exclusion 1 apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Does this exclusion 2 apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
2*	<p>Objective: Capability to submit electronic syndromic surveillance data to public health agencies and actual submission, except where prohibited, in accordance with applicable law and practice</p> <p>Measure: Performed at least one test of certified EHR technology's capacity to provide electronic syndromic surveillance data to public health agencies and follow-up submission if the test is successful (unless none of the public health agencies to which an EP submits such information have the capacity receive the information electronically), except where prohibited</p> <p>Exclusion 1: If an EP does not collect any reportable syndromic information on their patients during the EHR reporting period, then the EP is excluded from this requirement</p> <p>Exclusion 2: If there is no public health agency that has the capability to receive the information electronically, then the EP is excluded from this requirement</p> <p>Note: This measure only requires a yes/no answer</p> <p>Does exclusion 1 apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Does exclusion 2 apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
3	<p>Objective: Implement drug formulary checks</p> <p>Measure: The EP has enabled this functionality and has access to at least one internal or external formulary for the entire EHR reporting period</p> <p>Exclusion: Any EP who writes fewer than 100 prescriptions during the EHR reporting period would be excluded from this requirement</p> <p>Note: This measure only requires a yes/no answer</p> <p>Does this exclusion apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
4	<p>Objective: Incorporate clinical lab test results into EHR as structured data</p> <p>Measure: More than 40 percent of all clinical lab test results ordered by the EP during the EHR reporting period whose results are either in a positive/negative or numerical format are incorporated in certified EHR technology as structured data</p> <p>Exclusion: Any EP who orders no lab tests whose results are either in a positive/negative or numeric format during the EHR reporting period would be excluded from this requirement</p> <p>Does this exclusion apply to you? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	

#	Measure Information	Measure Values
	<p>Numerator: Number of lab test results whose results are expressed in a positive or negative affirmation or as a number which are incorporated as structured data</p> <p>Denominator: Number of lab tests ordered during the EHR reporting period by the EP whose results are expressed in a positive or negative affirmation or as a number</p>	<input type="text"/> <input type="text"/>
5	<p>Objective: Generate lists of patients by specific conditions to use for quality improvement, reduction of disparities, research, or outreach</p> <p>Measure: Generate at least one report listing patients of the EP with a specific condition</p> <p>Note: This measure only requires a yes/no answer</p> <p>Numerator: N/A</p> <p>Denominator: N/A</p>	<input type="checkbox"/> YES <input type="checkbox"/> NO
6	<p>Objective: Send reminders to patients per patient preference for preventive/follow-up care</p> <p>Measure: More than 20 percent of all patients 65 years or older or 5 years old or younger were sent appropriate reminders during the EHR reporting period</p> <p>Exclusion: Any EP who has no patients 65 years or older or 5 years old or younger with records maintained using certified EHR technology is excluded from this requirement</p> <p>Does this exclusion apply to you?</p> <p>Numerator: Number of patients in the denominator who were sent the appropriate reminder</p> <p>Denominator: Number of unique patients 65 years old or older or 5 years old or younger</p>	<input type="radio"/> Yes <input type="radio"/> No
7	<p>Objective: Use certified EHR technology to identify patient-specific education resources and provide those resources to the patient if appropriate</p> <p>Measure: More than 10 percent of all unique patients seen by the EP are provided patient-specific education resources</p> <p>Numerator: Number of patients in the denominator who are provided patient-specific education resources</p> <p>Denominator: Number of unique patients seen by the EP during the EHR reporting period</p>	<input type="text"/> <input type="text"/>
8	<p>Objective: The EP who receives a patient from another setting of care or provider of care or believes an encounter is relevant should perform medication reconciliation</p> <p>Measure: The EP performs medication reconciliation for more than 50 percent of transitions of care in which the patient is transitioned into the care of the EP</p> <p>Exclusion: An EP who was not the recipient of any transitions of care during the EHR reporting period would be excluded from this requirement</p> <p>Does this exclusion apply to you?</p>	<input type="radio"/> Yes <input type="radio"/> No

#	Measure Information	Measure Values
	Numerator: Number of transitions of care in the denominator where medication reconciliation was performed	<input type="text"/>
	Denominator: Number of transitions of care during the EHR reporting period for which the EP was the receiving party of the transition	<input type="text"/>
9	Objective: The EP who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care should provide summary care record for each transition of care or referral Measure: The EP who transitions or refers their patient to another setting of care or provider of care provides a summary of care record for more than 50 percent of transitions of care and referrals Exclusion: An EP who does not transfer a patient to another setting or refer a patient to another provider during the EHR reporting period would be excluded from this requirement Does this exclusion apply to you?	Yes <input type="radio"/> No <input type="radio"/>
	Numerator: Number of transitions of care and referrals in the denominator where a summary of care record was provided	<input type="text"/>
	Denominator: Number of transitions of care and referrals during the EHR reporting period for which the EP was the transferring or referring provider	<input type="text"/>
